

Perfectly positioned for whatever lies ahead

International company selects Ardent Solutions to implement Microsoft Dynamics AX 2009 for UK head quarters.

HAKI Limited design, develop and manufacture scaffolding and access products, supplying more than 25 countries worldwide.

Since the company's formation in 1956 and with an international presence, HAKI products has been put to the test in some of the world's most demanding market sectors from building and construction to the marine sector and the gas and oil industries.

The HAKI group has implemented Microsoft Dynamics AX 2009 across many of its international sites. For the UK project, head quartered in Tamworth, Staffordshire, HAKI turned to Microsoft Gold Partner Ardent Solutions.

"We found the Ardent team very approachable and professional, they detailed everything and provided us with exactly what had been planned. Their processes were clear and straightforward allowing us to achieve a smooth implementation with as little disruption as possible." Sharon Dea, Assistant Accountant, HAKI Limited

Working closely alongside HAKI's international Dynamics AX partner was important and maintaining a good level of communication was key. *"The communication between Ardent and the other parties was excellent and we were constantly kept in the loop. Any issues that arose during the project were resolved quickly and efficiently by the Ardent support teams"*

HAKI Limited has now gone live on Microsoft Dynamics AX 2009 running on a hosted platform. Sharon concludes *"Microsoft Dynamics AX 2009 is an easy-to-administer system which will simplify HAKI's IT management and streamline our processes across the group."*
